Question:

What is the **We Honor Veterans** program?

WE HONOR VETERANS

Answer:

The **We Honor Veterans** is a program of the NHPCO (National Hospice & Palliative Care Organization) in collaboration with the Department of Veterans Affairs. The Visiting Nurse Association of the Inland Counties was invited to join this pioneering program which is focused on compassionate listening and grateful acknowledgement of our Veterans at the end-of-life.

By recognizing the unique needs of America's Veterans and their families, the VNAIC partners with all of its healthcare providers to identify those Veterans. We thank them for their courage and commitment and offer them the best end-of-life care possible. The VNAIC does this through its home health, hospice and palliative care programs.

Wherever a Veteran is on their healthcare journey, the VNAIC is committed to the mission of serving these men and women with the dignity they deserve.
